Gentlemen:

Enclosed for your review and comment is a copy of the Operable Unit 11, West Spray Fields, Draft Corrective Action Decision/Record of Decision (CAD/ROD) document and Responsiveness Summary. In an attempt to accelerate completion of this project, the Department of Energy (DOE) requests that your review be completed by September 15, 1995. DOE would like to schedule a joint meeting after the reviews are completed to discuss any comments. It is anticipated that the language in the final version of the CAD/ROD and Responsiveness Summary will be finalized during that meeting.

Submittal of these documents meets the requirements as set forth in the Interagency Agreement as amended by the Colorado Department of Public Health and the Environment's letter dated June 22, 1995.

If you have any specific questions, please contact Dave George, at 966-5669.

Sincerely,

A handwritten signature in cursive script, reading "Steven W. Slaten".
